

## Community Resilience Webinar Series

# Mary Doyle

**Presenter: Remote Working & Rural Hubs**

Founder of Rural on Purpose, Mary understands the importance of personal connection when building a community and while her speaking time is limited, she does speak at some events during the year. Her message always comes back to her thesis that "the future is rural."

With over 28 years of experience working in all three sectors (private, non-profit and government) Mary works to improve economic opportunities for people living in rural areas by piloting high impact programs that prepare them for the future.

While entrepreneurship is at the heart of all of her work, she sees it as a way of "thinking and acting" to bring about change in any area. She is fearlessly optimistic and challenges people to have faith in the future as they work to make a difference.

Mary has been recognized as a leading businessperson and educator, winning "Business Person of the Year" in Kingston, Ontario and the OSSTF Teaching Award for the most outstanding qualities of Scholarship, Teaching Ability and Character.
